## **RECYCLE YOUR EMPTY PRINTER CARTRIDGES. THEY HELP US EARN MONEY!**

We have enrolled in a wonderful new fundraising program called **Recycle for Schools**. This program offers us an almost effortless way to raise money to support our school – and to protect our planet. We earn money simply by recycling used printer, fax and copier cartridges that were destined for the trash.

Most of the inkjet and laser printer cartridges used in our homes, our workplaces and businesses in our community have a high recycling value. Recycle for Schools pays us cash for every qualified cartridge we collect.

Since more than 87% of all computer printer inkjet and laser cartridges end up in landfills, the potential for us to earn a significant amount of money through recycling is unlimited. As long as we participate, we'll continue earning cash. There's nothing to buy, nothing to sell, and no cost for participation.

### **Here's how you can help**

#### ***Save the cartridges you use at home or work.***

Save the cartridges you use at home or work and bring them to our central collection box.

#### ***Ask others to help – We'll provide the supplies***

Ask friends, family and employers to help support our fundraising efforts. Recycle for Schools provides prepaid envelopes for inkjets and cell phones that can be dropped in any mail box.

#### ***Collect only eligible cartridges***

It is very important that we collect only the cartridges that qualify for recycling. Unfortunately, Epson inkjet cartridges are not recyclable. To see a complete up-to-date list visit [www.inkbank.com](http://www.inkbank.com).

#### ***Keep up the momentum***

With no effort, recycling can become a habit. So, start today! Save all of your qualifying cartridges – and ask others to do the same.

- ◆ **Everyone can participate**
- ◆ **Nothing to buy or sell**
- ◆ **Recycling is easy**
- ◆ **Protects our planet**
- ◆ **No cost to anyone**
- ◆ **Raise money effortlessly**

### **EARN CA\$H FOR YOUR TRASH!**
